Rep. Alberts Named to Environment, Government and Commerce Committees

Rep. Alberts Named to Environment, Government and Commerce Committees

State Rep. Mike Alberts, R-50th, Brooklyn, Eastford, Hampton, Pomfret, Woodstock, has been appointed to three important legislative committees, working on issues

affecting northeastern Connecticut: Environment, Commerce and the Government Administration and Elections Committee.

“These are vital and challenging committee assignments,” said Rep. Alberts. “We will be working to assure that open space and farmland are preserved, that government operates more efficiently and that Connecticut retains and expands jobs.”

“Our district has a very strong and diversified agricultural based that we must do all we can to support,” said Rep. Alberts.

“New England lags the rest of the nation in encouraging job creation,” said Rep. Alberts. “This is something that should concern the entire legislature. We have to improve our competitive position with the rest of the nation and the world. Toward that end, I will be devoting much of my energy on finding ways that we can operate government more effectively, at lower expense to the taxpayers of the region.”
